### **Description:**

Custom, Hot Rod, Restoration shop with national customer base seeking Builder, Painter, Fabricator. Looking for an enthusiastic, detail oriented, positive attitude person to join the team and have some very rewarding fun while working with the finest supportive crew. We work together as a team, there is no competition. The personal win is the team producing the finest cars. We work on complex high end builds that requires both a passion for cars and patience. Primary duties will be paint and body work. All phases of building and restoration excluding upholstery and engine building (at this time) are done in house so there are ample opportunities for performing different aspects of the builds.

This is an opportunity to be with an established growing company with a crew dedicated to go the distance. Top pay is attainable for the right individual for this full time position.

## Qualifications

- Can work on all phases of building and restoration process
- Primarily paint and body work

## Expectations

- 40 hours per week
- Must be able to work at our shop in Traverse City, Michigan between the hours of 7:00am to 5:00pm, Monday through Thursday

## Contract Details

- Starting as soon as possible
- Compensation based on current expertise and will be discussed during interview
